

Part time instructor training course

This course is aimed at a broad depth of people. You may already be on a college courses and looking to develop practical skills that will enhance the college curriculum. Or you might already have a job and can only commit to a part time course.

Anyone attending a college or university course in anything from teaching to sports coaching will benefit from our part time courses. You will develop you technical skills of all the disciplines as well as develop your coaching skills in the wilderness environment. This will help you have a greater understanding of your coaching in your chosen field.

You may be thinking of a change in career but as we know this industry is not one to you can just walk in to. Whilst keeping up you current job you can work toward the all important qualification that will help you take that next step.

During the 22 week course you will train with us around 2 days (some days or evenings) per week working at first on a range of disciplines finding what works for you. We will then start to focus on 2 disciplines working toward you first National Governing Body (NGB) training course.

NGB training courses such as:

- Summer Mountain leader
- Single pitch award
- Level 2 coach Kayak
- Level 2 coach Canoe
- Trail cycle leader

You will also work towards your star test awards and canoe safety tests. You will also be put through a 2 day First Aid course.

In addition you will get mentoring and guidance on how to find a job in the outdoors and help with CV's and what you next step should be.

If you are aged 18-24 you may qualify for part funding through the Cairngorm National Park. Please ask for details.

Course runs from May – Sep and cost £2250. Fee includes 2 NGB training courses as well as the 2 day first aid training course and on course transport and use of equipment. Cost dose not include personal equipment and clothing, personal insurances and memberships associated with NGB qualifications. Accommodation is also not included in the course fee.
